

Education Opportunity:

The Monhegan School Committee is seeking to appoint a resident to the position of School Committee Member for the approximately six-month period starting September 27, 2021 through the 2022 annual town meeting (March or April). The stipend covering this time period is \$1159. At the annual meeting there will be an election for the remaining 2-3 months of the school year plus the additional 2 years of the position's term.

The appointed individual will have the chance to gain useful management skills, work with a devoted team and make a difference for island kids. Attendance at a monthly meeting (virtual at present) is necessary for participation.

In the near-term, changes to Monhegan School's financial management, made in consultation with the school auditor, remove the need to elect this appointee to the officer position of School Treasurer. Within the 2021-2022 school year, it is anticipated that some limited financial oversight responsibilities (but significantly reduced from historical practices) would shift to the appointed or elected School Committee member after sufficient time getting acclimated.

This is an essential appointment that cannot go unfilled.

Please contact Jes Stevens (thepugbrothers@gmail.com) and/or Superintendent Tonya Arnold (supermonhegan@gmail.com) for details about what is involved in serving on the School Committee.
