

Requests for Estimates

Monhegan School is seeking estimates from those interested in re-painting:

- the South-facing exterior of the main schoolhouse (main building, but not the "EII" addition to east), including the south-facing alcove (both exterior and the inside of the alcove around the front exterior door).

Work to be completed by June 30, 2021 ideally (weather permitting), but will be flexible as required to get the work completed as soon as feasible. No lead remediation anticipated and information about history of lead testing is available. Bids should include cost of labor. Materials can be ordered via the school's Rankins account in cooperation with individual(s) doing the work. Preference for all equipment to be provided by the selected individual/business, but willing to consider proposed alternatives.

Estimates should be submitted to Monhegan School, Attn: Jes Stevens, P.O. Box 8, Monhegan or at thepugbrothers@gmail.com. Questions can be addressed to Jes at 691-7390 or by email.
